

Lax-Wendroff

- Analytic solution at time $t = 1.2$
- Numerical solution at time $t = 1.2$ with $h = 0.1$
- Numerical solution at time $t = 1.2$ with $h = 0.05$
- Numerical solution at time $t = 1.2$ with $h = 0.025$
- Numerical solution at time $t = 1.2$ with $h = 0.0125$
- Initial condition
